PRESIDENT STEPHEN BRIGGS hosts a fireside chat with students at Deerfield Hall to encourage them to make the most of their Berry experiences.

MENTORSHIP AND SUPPORT

DON'T WORRY.

Your child will be in good hands.

Every first-year is assigned a student mentor and will be scheduled for a weekly meeting with a faculty or staff advisor. Professors offer 10 hours of office time a week. Built-in academic and personal advising services are available at any time. There just aren't many cracks to slip through here.

THE RESULT: Our students feel safe, known and cared for — conditions conducive to deep learning, personal growth and the kind of productive risk taking that leads to discovering unexpected opportunities and hidden talents.

BENEFITING FROM PRINCIPLES THAT DATE BACK TO OUR FOUNDING, Berry students are guided by a personal network of professors, staff supervisors, coaches, fellow students and alumni. Renowned orthopedic surgeon (and Berry College trustee) Dr. Brad Bushnell (above) shares his experience and expertise with Berry students interested in medical careers through the one-of-a-kind Berry College Integrity in Leadership program.

RESIDENCE LIFE

OUR CAMPUS IS SAFE

Our community is caring.

This residential community is welcoming, inclusive and fun. Resident advisors are on hand to guide and troubleshoot, to plan gatherings and events, and to make sure every member of the Berry community is known and appreciated.

THE RESULT: Every student has a place to belong from day one — a second family that's there to ease the transition to college and celebrate successes as they come.

PURPOSEFULLY OFF THE BEATEN PATH (for the benefit of our students), Berry is situated within the "ABC triangle," a little over an hour from Atlanta, Birmingham, Chattanooga and the many expanded opportunities for culture, internships and recreation these cities represent.

PREPARING TO LEAD

THERE ARE MANY KINDS OF LEADERS.

You'll find them all at Berry.

Students imagine, organize, run and lead 70+ clubs and organizations and 23 NCAA division III teams. They prepare for early career success by contributing directly to the work of running their college — filling more than 1,000 jobs across campus. Whatever their path through Berry, our students learn the value of effort and teamwork — while building an increasingly impressive resume with each passing semester.

WHETHER DIRECTING A PLAY, serving in student government, running a science lab, managing a herd of cattle or helping others become better writers, there are many ways to step up and discover a new interest.
