LIFEWORKS SUPER 100 INITIATIVE

Many LifeWorks supervisors have told us that they would like for us to provide them with a **simple, intuitive, and consistent tool** they can use to give **developmentally-focused performance feedback** to their LifeWorks students.

Our goal is to **recruit 100 LifeWorks SUPERvisors** (pun intended) to help us **pilot this new evaluation tool** with **at least 2 of their student workers 2 times this year**. We are asking supervisors to meet with their student workers to debrief the evaluation, and help students to identify at least 2 goals to guide their personal and professional development. If you only have 1 student worker, you can still participate! Just sign up for "full team" or "other."

We will **open the evaluations in early October**, but we need participants to **let us know** if they want to participate **by September 19**. We are currently halfway to our goal of 100 supervisors, so there is still time to sign up! You can **indicate your willingness to participate by signing up using the button below**.

GOOD NEIGHBOR CHALLENGE

The Good Neighbor Challenge is an initiative that equips Berry College community members to practice good neighbor culture. Berry students, staff, and faculty can choose to be part of the Good Neighbor Challenge by being a participant or a leader. Participants and leaders will engage in their choice of diversity and inclusion trainings, civic conversations, and community events throughout the academic year.

In addition to learning more about themselves and others, participants and leaders will earn some awesome swag. Leaders also have the opportunity to earn a certificate from the [King Center](#) in Atlanta and the [Office of Diversity and Inclusion](#). You can [learn more here](#) and sign up below to participate!
