Objective: Seeking employment as a microbiology lab assistant for Scottish Rite

Education:

Berry College, Mount Berry, Georgia
Bachelor of Science, Biology major, Chemistry minor, Anticipated Graduation May 2015

Laboratory Skills:

DNA Extraction	Enzymatic Assays
Genetic Transformation	Microscopy and Spectrophotometry
Differential Staining	Biochemical Characterization of Cells

Work Experience:

Berry College Biology Department, Mount Berry, Georgia
Research Assistant, August 2013 – Present

- Isolation and classification of IFR in recumbent RNA in mice

Centers for Disease Control, Atlanta, Georgia
Intern Biology Lab Assistant, May – August 2013

- Recorded and observed phase shift transformation of *E-coli 0156*

Berry College Biology Department. Mount Berry, Georgia
Teaching Assistant. August 2012 – Present

- Assisted 24 students with procedures, post-lab questions, and enforced safety rules

Walgreen's Pharmacy, Canton, Georgia
Pharmacy Assistant, Summers 2011 – 2013

- Managed and rotated inventory, filled prescriptions under guidance of pharmacist, communicated with pharmacist, associates, and customers
